

FLEX
COLLEGE PREP

$$\sqrt{x} = 3, 14$$

$$3 \times 3 = 9$$

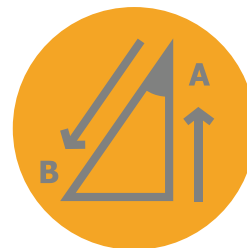

FLEX PATHWAY: MATH & COMPUTER SCIENCES

Through the strategic design of the Pathway course track and the inspired teaching of FLEX instructors, students gain early exposure to academic subjects and opportunities to engage with Mathematics & Computer Science knowledge in real-world applications.

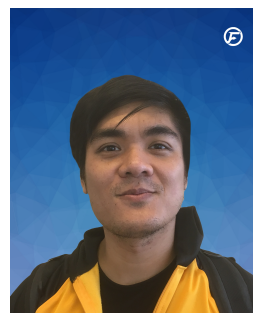

Get a head start on mathematics & computer science material vital for exams & contests such as the AMC, ACSL, SAT 2 Math, AP CS, and Hackathons

Develop the foundation for strategic logic and design skill sets—essential tools for future academic & success in the fields of Mathematics and Computer Science

Gain a competitive advantage when applying with a Math & CS Profile to future summer programs, internships, and colleges

Featured Instructor:

Philip Vuong

- Stanford University: B.S. Mathematics & Electrical Engineering
- Stanford University Math Camp (SUMaC): Former admission officer, curriculum developer & instructor
